

# ANNOUNCING

## **MINOR in Management Information Systems for Business Majors**

Students who are pursuing a four-year degree may combine formal study in Management Information Systems as they pursue a major in one of the functional areas. Students who elect this program must notify their advisor before the end of their junior year.

Requirements (12 credit hours):

- ♦ BUS-K301 Enterprise Resource Planning
- ♦ BUS-K302 Introduction to Management Science
- ♦ BUS-S307 Data Management
- ♦ BUS-S435 Advanced Topics in Computer Information Systems

Students must attain a minimum cumulative grade point average of 2.0 (C) in all four of the courses taken for the minor and not less than a C grade in each course. Please note that these courses may not be taken by correspondence study or independent study; they also may not be studied through an internship.

For more information, please contact IU South Bend School of Business and Economics at (574) 520-4323.
