^b This table summarizes the data submitted to IPEDS with the Graduation Rates Survey. The cohort is defined as **full-time** beginner (FTB), degree-seeking students who matriculated in either of the preceding summer sessions or in the fall, or students who began their coursework in high school and enrolled as traditional college students in the fall. These graduation rates combine all degree-seeking FTB students and provide the number of students who earned their degree within 150% of program length.

(a) **Beginners Cohort** is defined as degree-seeking undergraduates who begin in the fall or in either of the preceeding summer sessions. Students who earned college credit from IU in high school and are currently enrolled are also included as beginners. These students comprise the "cohorts" that are tracked for retention and graduation rates reporting.

(b) **Transfer Cohort** is defined as degree-seeking undergraduates who begin in the fall or in either of the preceeding summer sessions, and who have previously attended another institution for higher education. These students are tracked by Indiana University, but they are not reported externally in any formal capacity.
