

International Food Festival

The ISO will be hosting the 10th Annual International Food Festival (IFF) on April 11, 2009. The Food Fest, one of the biggest events on campus, will be held in the Grille at the Administration Building at IUSB. If you are interested in participating in the IFF in any way, please fill in the form below.

The food festival is always an extremely popular event, and is attended not only by students, staff and faculty, but also by many members from the local community. The IFF is held in the Grille; where food from many countries is cooked and served by students. We usually have around 12-15 countries represented at this event. In addition, we have decorations and international entertainment.

Right now we are looking for people who would be interested in participating in this exciting event. Students who are interested could either provide a recipe, help cook; help with entertainment or with preparation to get the event ready.

You can keep up with information and updates regarding the food fest by accessing our website: <http://www.iusb.edu/~iso/>.

We look forward to working with you!

Please note: All food must be prepared in the IUSB Cafeteria under the supervision of a member of dining services. Under no circumstances can any food be prepared elsewhere.
