

The objective of this interdisciplinary minor is to provide IUSB students who are interested in Europe and European languages with an opportunity to focus their studies and to earn formal degree recognition for their European studies upon graduation.

Evidence of such focused international study is increasingly sought after by employers and graduate and professional schools.

Since the European Studies minor is a university-wide venture, it is administered by the Office of International Programs. However, student advising will be done by the European Studies Faculty.

European Studies Faculty:

Joseph Chaney, English
Neovi Karakatsanis, Political Science
Andrea Rusnock, Art History
Lesley Walker, World Languages
Linda Young, Education
