

## **November 1998 - Grant-in-aid-of-research - Final Report - Alan Larkin**

### **Description of grant-supported activity, completion of project, and results**

I received a grant that paid for costs of working with a model during the fall of 1999 on a series of drawings. I completed six fairly substantial drawings using the grant money. Ultimately some of these drawings went on to be represented in or to receive awards at exhibitions in the region. Some were reproduced in an article in the American Artist Magazine in June of 2001. My entries in my annual report from that year read as follows:
