

Delaware Study Faculty Activity Checklist

Dear Colleague:

Your institution has agreed to participate in the Delaware Study of Selected Measures of Out-of-Classroom Faculty Activity. This is a national data project, underwritten by the U.S. Department of Education Fund for the Improvement of Post Secondary Education. Data will be collected by academic department/discipline at each participating institution, and will be reported in aggregate form for each unit. We are asking for your voluntary participation to provide your department chair with your personal tally for each of the following variables, which he/she will aggregate and report as department/discipline totals. We will not see your individual responses, only departmental totals. These aggregate data will be used to develop national benchmarks to assist your department to see how it compares with similar departments at similar institutions for each of the variables. I thank you in advance for your cooperation and assistance.

Sincerely,

Michael F. Middaugh
National Director
The Delaware Study

Please report your activity for each of the following measures. Report only what you accomplished in each area during the 2005-06 Academic Year, i.e., your activity which corresponds to your most recent faculty evaluation period. Be sure to review the definitions provided before responding. Please denote any not-applicable data as 'na' and any data element that is truly zero as '0'.
