Dear Colleagues,

In last month's edition I introduced the layout of spring. Now that spring is here, I would like to do a bit more of that. To help you explore and enjoy the many opportunities of spring's infinite variety, I am offering you the following:

- A walking tour of the campus, featuring the best spots for picnicking and strolling.
- A guide to the local farmers' markets, offering tips for picking the freshest produce.
- A list of community events, including festivals and concerts.
- Suggestions for outdoor fitness activities, such as hiking and cycling.

I hope these suggestions help you appreciate the beauty and diversity of spring on our campus. Thank you for your contributions to making our community such a wonderful place to learn and live.

Sincerely,

[Signature]
