Dear Members of Vera Z. Dwyer College of Health Sciences,

The 2016 Spring semester is moving along quickly, so I hope you are balancing all that needs to be accomplished!

The Vera Z. Dwyer College of Health Sciences (DCHS) is growing and changing steadily. As you know, we are carving out our “place” within the university and the community where “learning occurs through service and scholarship”. The DCHS is on the move making significant contributions to excellence in education, community service, and scholarship. These contributions are possible due to the strong and dedicated faculty and staff that co-create the essence of the College.

With this focus on learning through service and scholarship, we have a unique partnership with HealthLinc (a Federally Qualified Health Center: FQHC) to expand our Health & Wellness and Dental Hygiene Centers to provide primary healthcare and dental services to the community. This collaboration is one of the few in the country that places a FQHC on the campus of a regional university to provide healthcare services to the underserved, while all-at-once creating a Center for Health Education that is community and service focused. The Center for Health Education and HealthLinc will link students, faculty, and staff with the healthcare needs of the community. This link will provide a learning and community service experience that leads to a direct impact for those who live, work, and play in the area.

Also, we are collaborating with the St. Joseph County Health Department on a Fetal and Infant Mortality Review (FIMR) Program that is supported by a grant from the State of Indiana. The FIMR program focuses on exploring methods to manage multiple reviews and to identify models that integrate local FIMR recommendations into regional or statewide interventions that may reduce the number of fetal and infant deaths. Dr. Dobrzykowski, Dr. Sofhau-ser, and I, along with graduate nursing students, will meet with families and gather healthcare information to enhance understanding of their experiences and ways to refine the delivery of care to pregnant women and their loved ones.

There are many programs and curricular changes that are happening within the DCHS schools too. In the Fall 2016, we will welcome our first cohort of Sports and Exercise Science students. These students will be immersed in a curriculum designed by Dr. Dawn Hopkins that leads to national certification. Also, the nursing faculty is revising the BSN program to enhance its delivery in meeting national standards and learning outcomes. The MSN program will be initiating a new major in Advanced Practice Nursing Care of Adult-Gerontology. This program will expand our successful Family Nurse Practitioner program, as evident by the program earning a full ten year accreditation from the Commission on Collegiate Nursing Education (CCNE).

As you can see, there is much “happening” with the Dwyer College. I look forward to the many possibilities available to us now and in the future!

Kindest regards,
Dean Ortiz
Ms. DeOrto served as Assistant Director of Dental Education from January-June of 2014, Interim Director of Dental Education from July-December of 2014, and accepted the Director of Dental Education program effective January 1, 2015. Congratulations Kim! She earned her AS in Dental Hygiene from IUPUI/IUSD in 1997, then worked as a dental hygienist in a private practice specializing in Periodontics from 1997-2010. Kim returned to IUSD to complete a BS degree in Public Health Dental Hygiene in 2007, and began teaching at the dental school in January 2008 as an adjunct clinical instructor in the clinical practice and radiology courses through 2013. While teaching as an adjunct instructor, she completed her Masters in Adult Education through IU School of Ed., Bloomington, completing that degree in May of 2013. As a proponent of lifelong learning, she hopes to have an impact on the dental hygiene profession by encouraging our practicing dental hygienists to continue their education and earn degrees to further their leadership opportunities in research, ed. & admin., public health, or corporate careers.

Outside of IUSB, Ms. DeOrto “loves to spend time” with her rescued Weimaraners, Quincy pictured above and Gabby who’s a bit camera shy.

On April 16th, 2016, Indiana University South Bend (IUSB) Dental Education will host the 3rd annual Access to Care Day of free dentistry—fillings and extractions. In addition to providing free dental care, the Dental Education Department will be partnering with IU South Bend and community organizations to host a health fair where patients will have the opportunity to receive information/tools to improve total health. Please contact the IUSB Dental Hygiene Clinic at 574-520-4156 or dhclinic@iusb.edu for more details about this event.

In partnership with the South Bend Center for the Homeless, IUSB Dental Education students will host the annual Center for the Homeless Day February 20, 2016. Students in the dental hygiene program will provide free dental care to clients of the Center for the Homeless in South Bend.

CONGRATULATIONS: The MSN program has earned a full 10-year accreditation from the Commission on Collegiate Nursing Education (CCNE)!

Congratulations, students, faculty, and staff!

The MSN program will be adding new majors! In Fall 2016, we will be starting an Advanced Practice Nursing Care of Adults-Gerontology major.

No act of kindness, no matter how small, is ever wasted.
~Aesop
Dwyer College Students!
I wish you all a Happy New Year! My name is Kristyn Quimby and I am the Assistant Dean of the School of Applied Health Sciences within the Dwyer College of Health Sciences. The Radiography, Medical Imaging, Dental Hygiene, and Health Sciences programs are housed in this school. I want to take a moment to tell you about the exciting things happening in our College over the next year. This fall we will have Sport and Exercise Science and Health Systems Leadership concentrations in Health Sciences. Health Promotion is the third concentration in Health Sciences, was launched in 2015, and is also a growing field. You can minor in these concentrations as well! These are great programs and offer a wide variety of career possibilities for you. You can work as a health coach, exercise physiologist, health educator, medical biller, health informatics professional, among many more! When we say the Bachelor of Science in Health Sciences is versatile, we mean it! Contact your advisor for more information! Health Sciences has internships available ranging from 1-6 credits. Contact Dr. Ian Clift, program director in Health Sciences, for more information (icclift@iusb.edu). If you’re not sure what health profession is best for you consider taking HSC-H101 Introduction to Health Sciences! Have a great semester and most of all stay positive! If you ever have questions, comments, or concerns you may contact me at quimbyk@iusb.edu or stop by NS458.

Cheers! Mrs. Quimby

Hello Dwyer College of Health Science students!

My name is Maria Vilardo and I am very happy to join the Vera Z. Dwyer College of Health Sciences as an Academic Advisor. I have previous experience working in Admissions and International Student Affairs, and love working with students. I’m looking forward to really getting to know all of you as well as faculty and staff and becoming part of IU South Bend. I received my Bachelor of Arts in Psychology from the State University of New York at Fredonia in 2008 and my Master of Science in Higher Education and Student Affairs Administration from the State University of New York College at Buffalo in 2013. I was born and raised in Niagara Falls, New York, and before coming to South Bend I lived in Charlotte, North Carolina. I am new to South Bend as of November and am excited to explore all the great things the Midwest has to offer!

“A NOTE FROM KRYSTYN QUIMBY, ASSISTANT DEAN OF APPLIED HEALTH SCIENCES”

“We in the Health Science Programs are welcoming our second term on campus with a new secretary; Naomi Tankersley, and dedicated Health Science Advisor; Maria Vilardo. In addition, beginning in the fall of 2016, two new programs; Sports and Exercise Science (SES) and Health Systems Leadership (HSL), will be officially joining Health Promotion as majors in the Dwyer College. For those of you still not sure what to do with a Health Science major, I encourage you to drop by my ‘Alternative Careers in Health Science’ Lecture Series every Monday and Wednesday at 8:30 am until the end of April to listen to speakers discuss their careers in health science. In addition, anyone interested in participating in an internship this summer should speak to me as soon as possible to establish a community partnership before the end of this term. For more information on either of these options please contact myself or Health Science Secretary Naomi Tankersley.”

“A NOTE FROM IAN CLIFT, DIRECTOR DIVISION OF HEALTH SCIENCES”

WELCOME MARIA VILARDO OUR NEW ADVISOR!
Spring break is less than one month away, (begins on March 12 and classes resume March 21), which means registration for summer and fall is quickly approaching!

Registration will occur the week of March 28 and you should be thinking about setting an appointment to come in and meet with an academic advisor to review your current semester and discuss your registration plans. We are setting registration appointments for the week prior to break, March 8-11, over break March 14-18 and the week following break, March 22-25. Walk-ins will be conducted the entire week of registration, March 28-April 1. In preparation of registration, make sure you check your Student Center for your registration time and date. This is the first day and time you may enter the system to register.

Here is a good checklist to use in preparation of registration:

Set an appointment to meet with your academic advisor by calling 574-520-4540 or contacting your advisor directly.

Check your Student Center to determine day and time you may begin registering for classes.

Review the Plan of Study (POS) which will be emailed to you by March 1st.

Review the online Schedule of Classes and place classes in shopping cart in preparation of your advising appointment.

If you have a hold on your account take care of it prior to your registration date/time. Some holds will prohibit registration.

If you are planning on applying for Financial Aid please do so before the deadlines. IU South Bend Online Scholarship Application Deadline – March 10th. To apply, visit this link: https://www.iusb.edu/scholarships/OSAlist.php

Free Application for Federal Student Aid (FAFSA) – March 10th. Late filers will not be considered for the State Assistance Commission of Indiana. IU South Bend’s Federal School Code is 001816.

Identify and apply for any outside scholarships you are considering. Creating a timeline can provide you structure in this process.

In preparation for your advisor meeting, write down any of your questions so we are sure to address your needs.

Spring break is also a good time to catch up on your class work, reading or get a jump on a final project.

Our campus remains open during spring break which means you will still have access to resources across campus. Use your time wisely! It will serve you well in the final push of the semester.

Our advising center advisors and staff are here to support you. We want to hear from you even if it is just to drop in to say you are ok and doing well!

Let’s hope Punxsutawney Phil is right and that we will soon enjoy the sunshine of spring!

Cheers! Janet Gilroy

Indiana University is committed to leading the fight against sexual violence. We encourage you to get involved, learn more about policies and resources, and find the support you need.

Together, we can end sexual violence on our campuses.

See IU’s comprehensive website at http://stopsexualviolence.iu.edu/ for Crisis Resources.

Get help or report an Incident, prevention, support and resources. For crisis or immediate danger: Call 911.

For IU South Bend campus and community resources see http://stopsexualviolence.iu.edu/prevention-resources/iusb/index.html
One of our students, Kristy Parsons came to the rescue of an employee at Elkhart General Hospital while she was on her clinical rotation at the hospital. She was able to perform the Heimlich maneuver on a colleague who was choking in the cafeteria. She is credited by the staff for saving the woman’s life. She was assisted by another second year student radiographer, Alejandra Figueroa who was visiting from Memorial Hospital. All of the faculty commend both Kristy and Alejandra for their actions and quick thinking! A hospital employee wrote: “Please extend my gratitude to Kristy Parsons radiology student who stepped into action and performed the Heimlich maneuver on an environmental services worker this morning in the cafeteria. Edna Smith Nursing Supervisor told me that Kristy saved this associate’s life because she truly had an obstructed airway. Code EMS was called and the affected associate is receiving further care now.”

We’re proud of you Kristy and Alejandra!

“Nursing and Evidence: Perspectives and Dialogue”
Friday, April 22, 2016 8:00 am – 12:30 pm Campus Auditorium
Northside Hall
Indiana University South Bend

Join nursing colleagues and students at the Shields Lecture. There will be no admission charge for IU nursing students, faculty, and preceptors to attend. Nursing contact hours will be awarded.

PRESENTERS: Bernadette M. Melnyk, RN; PhD; FAAN The Ohio State University Evidence-Based Practice
Gail J. Mitchell, RN; PhD York University, Canada Evidence-Based Practice: Critique and Alternative View
Steven Baumann, RN; PhD Hunter College, CUNY Theory-Guided, Evidence-Based Practice

HEALTH AND WELNESS CENTER

The Indiana University South Bend Health & Wellness Center engages citizens to build healthy communities in North Central Indiana by providing respectful, high quality, integrative primary healthcare, and holistic health and wellness services to the community. Health and Wellness aims to: promote healthy lifestyles for the community and IUSB; provide cost-effective convenient healthcare services to the community: students, faculty, staff of IUSB, and persons living in the community; provide respectful healthcare services that are sensitive to the community’s diversity; foster diversity in knowledge and experience among faculty, students, and the community; provide support to health science students, faculty, and staff in the areas of teaching, learning, and research. Staff: Our medical/administrative staff consists of a doctor, nurse practitioners, nurse, and operations director. Reduced costs: New patient $30: Established patient $25: Reduced medication costs. (Fees may vary) Patients may pay with cash, credit/debit, check, or fees can be charged to the student’s Bursar account. If you have health insurance we will provide a receipt for your visit and you can submit it to your insurance for reimbursement. Services: Provided: Physicals, Illness/Injury visits, Nutrition Counseling, HIV/STI Testing, Family Planning/Sexual Health, Contraception/Free Condoms, Smoking Cessation, Immunizations/Flu Shots, Lab work/Drug Screens, Small on-site pharmacy, Pap Smear/Women’s Health, Pregnancy Test, Strep Test/Mono Test, Patient Assistance Programs, Rentals-Crutches/Wheelchair. (Additional services available) New Patients – Students visiting the Health & Wellness Center for the first time are required to fill out and sign a medical history and consent form prior to their first visit. This form can be downloaded from the website or taken from the clipboard outside the clinic. Employee Assistance Program (EAP) - ONLY For full-time academic and staff employees and spouses who are enrolled in an IU-sponsored medical plan. The IU Employee Assistance Program is a voluntary program that provides professional, confidential counseling to help individuals bring their life into better balance, when day-to-day activities are interrupted by stress. Common reasons to use EAP services include: Depression, Stress and anxiety, conflict in the workplace, drug and alcohol abuse, family and marital problems, and grief and loss. Visit http://www.indiana.edu/~uhrs/benefits/eap.html for clinic hours more information.
As many of you know, “The Woodrick family, the Dwyer College, and IUSB have experienced the untimely loss of LuAnn Woodrick. LuAnn was a loving, caring, and dedicated nurse faculty member who touched the lives of faculty, staff, and hundreds of students over her time at IUSB. Her caring presence will continue to be with us during this difficult time. She was talented and often made the most complex seem easy, shining hope during moments of doubt. She was a devoted member of the faculty who cared deeply about students, colleagues, and nursing. Her presence will be forever with us and missed” (Ortiz, 2016).

LuAnn was born March 6, 1961 in Niles, MI to Charles and Grace (Cripe) Payne. She married Jerry Woodrick in Baroda, MI on May 25, 1985 and their journey began. They proudly celebrated their 30th wedding anniversary in 2015. LuAnn enjoyed reading, gardening, cross-country skiing, swimming, dancing and spending time outdoors. She was an avid Spartan fan and proudly wore green and white. But more than anything, LuAnn enjoyed spending time with her four grandchildren and loved watching them grow and play. LuAnn had been a nurse for over 30 years, graduating from KVCC, attaining her BSN from Ferris State and receiving her Master’s Degree in Nursing from Valparaiso University. In addition to being a clinical nurse specialist in women’s health and geriatrics, LuAnn was a Certified Nurse Educator. She taught Fundamentals of Nursing for over 15 years at Indiana University in South Bend, introducing the art and science of nursing for countless students who now carry her pledge for outstanding care forward. LuAnn was a pioneer in the community for teaching patient care through simulation and served as the simulation and fundamentals lab coordinator (at IU South Bend). She participated in and led research projects related to teaching nursing through simulation, as well as research development on robotics for mannequins.

One of her many memorable contributions to nursing was to organize and lead a group of students and faculty to Louisiana in 2005 for the Hurricane Katrina relief efforts. (Excerpt from South Bend Tribune obituaries online)

“As we live with this loss and sadness, please reach out to your friends and colleagues for support. Know that the members of the Office of Student Counseling are available for students, faculty, and staff who may want support in being with the sudden loss of LuAnn.

During this difficult time, I thought much about the selfless work LuAnn devoted her life as a loving part of her family and as a part of ours. LuAnn looked and lived like love” (Ortiz, 2016).

To sign the guestbook and/or to read how much LuAnn was truly loved and admired visit: http://www.legacy.com/guestbooks/southbendtribune/luann-sue-woodrick-condolences/17715677?cid=full

What does love look like? It has the hands to help others. It has the feet to hasten to the poor and needy. It has eyes to see misery and want. It has the ears to hear the sighs and sorrows of men. That is what love looks like.

--Saint Augustine

Student-led Memorial outside LuAnn’s office 4th floor NS., where they wrote favorite LuAnn-isms like, “Scatty-wampus,” “whack-a-doodle,” “kiddo” and “good luck & good knowledge!”

The Spring semester finds us all settled into our new offices and awaiting the completion of the new elevator area. The nursing program welcomed 29 new students into the BSN program in January. This is the largest class we’ve taken in several years! Demands for nurses in our region remain high. Winter brings the challenges of weather and illnesses. Make sure to do all that you can to stay healthy (sleep, eat well, WASH YOUR HANDS often) and allow plenty of time to drive to your destinations. Make sure you share phone numbers with faculty and classmates so you can be notified of changes in clinicals due to weather or illness. We want everyone to arrive safely. As we shiver from the cold, we are planning graduation events and the summer schedule. These are wonderful thoughts to warm us a bit. Nursing plans to offer the popular NURS B399 Death & Dying course in summer session 2. This will be an online only course. By now we hope you have met Tara Celmer who joined us in November as the Nursing Faculty Specialist. She is in NS 472 until the area outside of the elevators is completed. Tara assists faculty and the department with all the support needed to make things flow well. She also manages the phone, web site and assisting students with information and directions. Have a wonderful semester—it will go by fast. Watch your emails regularly for information on graduation, scholarships and summer school.

Best, Marta Makielski

FREE TUTORING-ACADEMIC CENTERS FOR EXCELLENCE!

Need a little extra support this semester? Be sure to take advantage of the services available to you in the Academic Centers for Excellence (call Gateway 574-520-5005 for current location). The Writer’s Room offers writing tutoring for all disciplines and can help your writing process from understanding your assignment to completed, polished papers. Support is available on a walk-in basis between 9 and 6, Monday through Thursday, and from 9 – 1 on Friday. If you need additional help, perhaps a WriteWell Coach is the way to go. The online application form is available here: https://www.iusb.edu/tutoring/writewellform.php. The Learning Center offers drop-in tutoring for many subjects, including Chem., Bio., Phil., Psy., and more. See tutoring schedules here: https://www.iusb.edu/tutoring/Learning%20Center.php. Also available are Study Smarter Coaching and workshops to enhance study skills. Contact sbtutor@iusb.edu for more information. If your math class is causing you to struggle, there is a Math Tutoring Center in Northside Hall, room 310. Stop by to find the most up to date schedule. All of these resources are free for current students. Don’t make the mistake of missing out! If you have questions, contact ACE directly (574-520-5022, sbtutor@iusb.edu) or come in to the Advising Center located on the 4th floor of NS and we can help!

CHECK OUT ADVISING WEBPAGE FOR UP-TO-DATE INFO

You may have noticed timely updates to our Academic Advising Webpage found at: https://www.iusb.edu/health-sci/advising/index.php. If you haven’t visited that page recently, you should! There you’ll find information on appointment and walk-in hours, application deadlines as well as Peer Mentor and Advisor contact information. In the past, you may have navigated to the web only to find outdated information, but now you can find up to the minute info and answers to many of your general questions. Check it out! https://www.iusb.edu/health-sci/advising/index.php
College Goal Sunday will be held at IUSB (EA 1105) & IU Elkhart (205) campuses on Sunday, February 21, from 2-4pm. This event helps families complete the 16/17 FASFA.

There are items you should bring with you to this event. For a checklist of what to bring, please visit the following:

OUTSIDE SCHOLARSHIP OPPORTUNITIES

Organization: Minority Nurse Magazine
Amount: $1,000-$3,000
Deadline: May 1.
Minority students can apply if they have a 3.0 grade point average and are pursuing a nursing degree. Applicants must submit a goal statement and letters of recommendation with their application.

Organization: Tylenol
Amount: $500-$5,000
Deadline: June 30
Successful applicants must be studying public health, health education or nursing. Additionally, students could be pursuing an undergraduate or graduate degree with the intent of becoming a pharmacist or a doctor.

Organization: Indian Health Service
Amount: Varies
Deadline: May 15.
Offered in varying amounts, this scholarship is given to Native American students who are studying health programs. Students must plan on working in the health field following graduation and must be members or descendants of federally recognized or terminated Tribes.

Organization: APIASF
Amount: $4,000
Deadline: Open.
This scholarship is for Asian and Pacific Islander students. To apply, students must be college juniors and plan on entering careers in government affairs, law or public service. Online students are eligible for the award.

R A D S T U D E N T S A T R S N A T H E A T E R

Our second-year student radiographers and program faculty attended the Radiologic Sciences of North America (RSNA) international conference on November 30th in Chicago, Illinois. They had the opportunity to see the newest innovations in the medical imaging profession and attended an informative presentation entitled “Diagnosing Child Abuse” in the RSNA Student Theater.

Students of Indiana University South Bend take a break to pose for a group photo in front of the RSNA 100 logo at RSNA 2015.
Michiana Alliance for men in Nursing
M.A.N.
Official Northern Indiana-Southern Michigan chapter of AAMN

Spring 2016
January 25
February 22
March 28
April 25

4th Monday of the month during the school year @ 4p-5:30p
IUSB Northside Room 400

Everyone: Come meet other nurses or nursing majors to network, vent, find a mentor or mentor others, learn strategies on successfully integrating into the profession and have fun. Student and professional groups look great on resumes....... 

Pre-nursing, Nursing, RN to BSNs, and graduate majors welcome. You do not have to be an IUSB affiliate to attend; this is a community group. Spread the word!

For more info Facebook Michiana Alliance for men in Nursing,
Email michianaAAMN@gmail.com or AAMN.org
This is a Vera Z. Dwyer Students’ Event

The 2016 spring semester’s Lunch with the Dean will be held

March 28 from Noon – 1:00 SAC 223 RSVP

must be made by March 21st to shelpass@iusb.edu (i.e., food count)

This is an open forum for students to meet with Dean Ortiz, have lunch and discuss whatever comes to mind. See you THERE!

Get Involved! It’s Easy!

How ’Bout Free Lunch?

Have you seen this sign around campus?

Individuals displaying this sign have taken a workshop on lesbian, gay, bisexual, and transgender issues and have pledged to be an Ally who is positive, supportive, and LGBT-affirming.

And you can too!

CAN trainings are open to IU South Bend students, staff, faculty, administrators, and alumni regardless of their sexual orientation and/or gender identity.

February 26th from 12p-2p

or

April 12 from 5:30p-7:30p

Sign up on the CAN website -
https://www.iusb.edu/ally-network/

Or email Wendy e Davis – wenda-davis@iusb.edu

The deadline is approaching! Sign up by February 22th for training one and by April 5th for training two!
