Schurz Library Speaker Series Invites Dr. Roland Chamblee, Public Health Officer, for its 11th Spring Event

Dr. Roland Chamblee, Sr., Health Officer for St. Joseph County Health Department, will discuss this year’s One Book, One Campus title, An Enemy of the People by Henrik Ibsen, Tuesday, March 25 at 7:30 p.m. in the Schurz Library Fifth Floor Atrium. The event is part of the Schurz Library Speaker Series, which is free and open to the public.

Dr. Chamblee, who graduated from medical school at Meharry Medical College in Tennessee, came to South Bend in the 1950s to do his internship at Saint Joseph Hospital and stayed in the community, serving as a civil rights leader as president of organizations such as the Urban League, the National Association for the Advancement of Colored People (South Bend Branch), Centro Christiano, the Black American Coalition, The United Negro Council and the Catholic Interracial Council.

A World War II veteran who was wounded in Normandy, he later spent time in a hospital in Uganda serving as Physician-in-Charge. Dr. Chamblee is also well-known throughout the community for his time as volunteer Medical Director of the St. Joseph Chapin Street Clinic. In 2006, Dr. Chamblee received an Honorary Degree from Indiana University, and now serves IU South Bend as a member of its Board of Advisors.

Publisher Dover Press describes the dilemma of An Enemy of the People as follows: “Ibsen places his main character, Dr. Thomas Stockmann, in the role of an enlightened and persecuted minority of one confronting an ignorant, powerful majority. When the physician learns that the famous and financially successful baths in his hometown are contaminated, he insists they be shut down for expensive repairs. For his honesty, he is persecuted, ridiculed and declared an “enemy of the people” by the townspeople, including some who had been his closest allies.”

Please join us to hear how Dr. Chamblee, a tireless advocate for the disadvantaged in need of health care, brings his perspective to the challenge at the heart of An Enemy of the People.

This event is sponsored by the Friends of the Library. For more information about this event, please contact Julie Elliott (jmfelli@iusb.edu)

First Regional Campus Title Change to Dean of Library Services

Indiana University President Michael McRobbie has approved IU South Bend’s request to change Michele Russo’s title from Director of Library Services to Dean of Library Services. This is the first regional campus to have a Dean of Library Services.

As Vice Chancellor for Academic Affairs Alfred Guillaume stated in his announcement to the campus, Russo’s title change “recognizes the central role of the library in the university’s academic mission and is further approbation of Michele’s leadership...[she] has made important contributions to the intellectual life of our campus, both in student learning and faculty and student research. Most notably, Michele was instrumental in the envisioning of the Hammes Information Commons and in securing the necessary funds to make it a reality”.

Archives and Special Collections News

By Alison Stankrauff
Campus Archivist

The Archives at Indiana University South Bend has recently acquired several collections of important campus records. The largest donation includes the records of the campus’ 2000 accreditation.

These records show an important progression in how the South Bend regional campus of the larger Indiana University both presents itself and in turn how it is viewed by others. The collection documents the campus’ growth and expansion in physical size, academic and community programs, as well as nuances in its mission to serve our community.

The IU South Bend Archives has also received additional records of the campus’ Honors Program. Materials include student theses, programs from Honors colloquia as well as promotional materials from the Honors Program itself. The date span of the records are from the 1980s to the present. They supplement already existing holdings of the Honors Program in the Archives.

The Archives also has received records from the campus’ College of Liberal Arts and Sciences. These records include correspondence, memos, minutes, and policies of the College. Their date range is from the 1970s to the present. They also supplement already existing holdings of the College of Liberal Arts and Sciences in the Archives.

Questions about the Archives? Please contact Alison Stankrauff at astankra@iusb.edu or 574-520-4392.
