Catherine Cooper-Weidner — Vice President and CIO, Memorial Hospital

Steve Cafiero — Senior Vice President, Information Technology, Teachers Credit Union

Kevin Butterbaugh is the vice president for information services & delivery system for Indiana University South Bend. Butterbaugh is an adjunct faculty member at IU South Bend and at Indiana University — Bloomington where he teaches information systems. He has over 20 years of experience in information technology and project management. Butterbaugh has also been the owner and CEO of a privately financed dark fiber network serving St. Joseph County. McMahon has a B.S. and M.S. degrees in manufacturing engineering from University of Southern Indiana and an MBA from the University of Notre Dame.

Pat Stine — Director of Customer Chain Global Application Development, Whirlpool Corp.

Mark S. Bruhn — Associate Vice President, University’s Information Technology Department. He has a bachelor’s degree in computer science from the University of Southern Indiana with a minor in business and a master’s degree in computer science from the University of Kentucky.

Pat C. Ames — Vice Chancellor for Information Technologies, Indiana University South Bend

Gary Kern, Director of CTS Center for Experiential Studies and Associate Professor of Decision Sciences

Donald L. Miller is a senior vice president of the operations group at 1st Source Bank. Miller graduated from the University of Notre Dame with a degree in computer information technology and later earned an MBA from the University of Notre Dame.

Gary Wilson joined NIBCO in 1995 and is responsible for NIBCO’s product engineering and enterprise-wide information technology. He is leading NIBCO’s strategic focus on product innovation in the product design and development process. In addition to NIBCO, Wilson enjoys serving the alma mater’s computer science program through the fellowship and support of the computer science program.

Gordon Wishon is the chief information officer at North Dame and heads all campus technology efforts. Prior to North Dame, Wishon was associate vice president and chief information technology officer at Georgia Institute of Technology. He also served 20 years with the U.S. Air Force in information technology and as an operations officer in the U.S. Air Force Reserve.
The School of Business and Economics at Indiana University South Bend proudly presents the second NIBCO IT Management Seminar series. The series brings local IT management executives, professionals, professors, and graduate students together to discuss topics in information technology management.

Area IT professionals are invited for these lively and informative evenings with IT executives and professors who share your problems and concerns.

Each presenter also serves on the advisory board for the Decision Sciences and Master of Science in Management of Information Technologies (MS-MIT) programs at IU South Bend. The 13 sessions showcase the partnership between the School of Business and Economics and the business community in the area of IT.

Faculty members will facilitate the seminars and add their own expertise to series topics. This series is generously sponsored by NIBCO Inc. Most seminars are Thursday evenings (except October 17, which meets on Wednesday) beginning September 6, from 6:30 to 8:30 p.m. in Room 3260, Wiekamp Hall, and continuing through December 5. Wiekamp Hall is at the northeast edge of the campus at the corner of Mishawaka Avenue and 20th Street.

This series is part of the capstone course for graduating students in the MS-MIT Program. All seminars are free and open to IT professionals in the Michiana community upon RSVP. Call one week prior to each scheduled seminar to Tess Chandler, (574) 520-4487 or techandl@iusb.edu.
