2. Confirm your Admission

Students must confirm their intention to attend IU South Bend through their One.IU accounts. Beginning on March 1st, IU South Bend will send you a series of reminders about this process until you have indicated your intention. Please do not seek to confirm your summer or fall admission until March 1st or after, but do keep the scholarship deadline in mind! You will find the “Admission Confirmation” link via One.IU.

IMPORTANT: You should weigh all your options and commit to only one school after March 1st but by the stipulated deadline if you are seeking to secure any scholarship funds that have been granted. SCHOLARSHIP CONFIRMATION DEADLINE for Summer and Fall Semesters: May 1.

PLEASE NOTE: You may continue to move through the checklist, completing items such as placement exams and orientation, but you will need to confirm your admission at some point before registration.

3. Take your Placement Exam(s)

Please check your Admission Certificate to learn which placement exams (English and/or math) you will be required to take prior to meeting with your academic advisor for registration. The English placement exam is offered at no cost on both the South Bend campus and at the Elkhart Center. There is a $26 fee to take the ALEKS math exam which will be billed to the student account. Please note that a computer automated “due date” based on your time of admission will be visible in One.IU. This “due date” can be disregarded as long as placement exams are completed before Orientation and advising sessions.

The Math Exam, ALEKS, is Offered Online

Please see the following link to learn about how to arrange for your math exam: https://www.iusb.edu/exams/math.php

You Must Make a Placement Exam Reservation for the English Exam

Exemptions from Placement Exams

Students with AP scores, IB results, or who took college-level course work while in high school, as well as those who are transferring to IU South Bend from a regionally accredited post-secondary institution may be exempt from exams based upon exam equivalencies or transferable credit hours. Students must submit official exam results and/or transcripts to receive credit.

4. Attend New Student Orientation, Complete Academic Advising, and Register

All new degree-seeking undergraduates must attend a New Student Orientation. You may make reservations by going online: https://www.iusb.edu/orientation/reservations.php.

Student Account Holds
Both an advising hold and an orientation hold may appear on your account and cannot be lifted to enable registration until you have completed orientation and advising. If dates are not yet available, you will be encouraged to return to the site at a later time. You will need your One.IU account username and ID number. Since the Orientation includes movement through campus, it is important to dress according to the weather!

Meeting with your Academic Advisor
All students are assigned an academic advisor. First Year Students and Transfer Students with less than 18 transferrable credits must attend orientation and meet with an advisor prior to registration. Those with more than 18 credits should seek advising prior to Orientation and choose the Transfer Student Orientation option.

Credit from Exam Results or College Credit Earned While in High School
Please be aware that you must submit official college transcripts and standard test results (AP, IB, etc.) in order for IU South Bend to post credit to your college transcript. The high school transcript is not sufficient for this purpose. Be sure to check whether credit posted from college course work and as the result of eligible test scores may impact whether you need to take placement exams or enroll in particular classes. If you took course work at any IU campus during high school, those credits will appear on your present IU transcript.

9. Immunization Compliance
All students who attend Indiana University must provide certain immunization information to the Office of the Registrar. The main objective of this provision is to enable the university to provide a safer and healthier environment for students. Students who do not provide the required immunization data will be prevented from registering for the semester or session following their matriculation semester.

Every student who will be physically present on an Indiana University campus must complete the online Immunization Compliance Form by providing dates of immunizations for the following diseases: measles (requires two immunizations), rubella (German measles), mumps, tetanus-diphtheria-acellular pertussis (Tdap), varicella (requires two immunizations), or one of the following:

- Physician’s written statement of immunity due to having had the infection
- a statement of contraindication to a vaccine (accompanied by a physician’s statement)
- a lab titer documenting immunity
- a statement of religious exemption

All international students must also provide documentation that they have been tested for tuberculosis in the United States, the date the test was performed, and the results of the test, or submit to a test administered on campus shortly after arrival.

Please be prepared to upload a copy of your immunization records. Religious and medical exemption letters will be accepted in lieu of immunization information. Medical exemption letters must be accompanied by a physician’s statement. The immunization requirements in this policy are not meant to supersede more restrictive immunization requirements associated with clinical, academic, and research programs.

- Students will also be requested to complete the Meningitis Information module.

For questions about these forms, please speak with the Office of the Registrar: 574-520-4451. For medical information, please consult with the Health and Wellness Center: 574-520-5557.
