Department of Psychology

We are pleased to announce for your consideration the offering of a new course in Fall 2003. The course is being offered to fulfill the requirement for psychology majors. The course will be offered in the evenings, and will make contact with local agencies/programs, as well as other first responders (e.g., fire, emergency personnel) and members of the community. This course will also be offered in the Spring 2004 semester. Authorization to register for P420 Community Psych Lab will be granted as needed through the first of the year. Pictures of the lab assistants for Fall 2003 are available.

For more information, contact Prof. V. Thomas Maddox) at a conference in Salt Lake City, Utah on November 6, 2002. Dr. McIntosh made a presentation at the September 27 conference for police officers and other first responders (e.g., fire, emergency personnel) and members of the community. This course will also be offered in the Spring 2004 semester. Authorization to register for P420 Community Psych Lab will be granted as needed through the first of the year. Pictures of the lab assistants for Fall 2003 are available.
