Earlier scrapbooks have been accessible on the website of the Department of Psychology, and we would love to include them in our scrapbook. If you have any earlier scrapbooks or information and pictures that you would like to see included, please let us know and we will try to accommodate your request. We would love to include any content that you think is relevant to our scrapbook.

Community Planning Group: The Community Planning Group is a collaborative process by which those engaged in or who are interested in HIV prevention planning, enhancing the knowledge and skills of those who are engaged in or who are interested in HIV prevention planning, and improving the scientific basis of program decisions, can contribute to the effectiveness of their work.

Advising: It is important to be advised at least once each year by a faculty member. This serves several important functions. Of course, it allows you to ensure that you are on track with your degree requirements and to provide feedback on your progress. It also ensures that your advisor can provide you with information about yourself, education, career, and other important topics.

Dr. DeBrule will be the project's primary investigator. The gift funds are dedicated to support research and training in severe mental health. The grant provides funding for the development of a new training program in the South Bend area, including lectures by visiting scholars, and a collaborative project with the South Bend Community Planning Group.

The recipient of the 2009 James R. Haines Research Award was Dr. McIntosh. Dr. McIntosh was on the Advisory Board for the HIV Prevention Gap Analysis and the Action Research Project, and presented research at the South Bend Community Planning Group.

The effects of parents' understanding of intent and the effectiveness of forgiveness and beliefs were studied. Dr. DeBrule presented two papers at the April's 42nd annual meeting of the American Association for the Psychology of Religion Laboratory Team.

Dr. Schult has been recognized for her outstanding teaching and contributions to the field of psychology. She was recently appointed as Department Chair of Psychology on January 1. Dr. Schult is not new to our campus or department, as she has been a member of the campus for several years.

吉利奥内·拉德, Co-President.

Mertes, Sarah Mertes, Tina Stout, Meleah Ladd, Dr. Kyle, and Dr. Schult.

Among the presentations at the Psychology of Religion Laboratory Team conference, the team presented a paper titled "Experimental Prayer Research: Walking the Labyrinth" by Kevin Ladd and "Forgiveness and Beliefs: Insights from the Post-Critical Belief Scale" by Meleah Ladd.
